

02. TIMED ACCESS

FlexCodes®:

Grant access from 30 minutes to 31 days for SentriGuard® lockboxes; ideal for showings or extended access.

One Day Codes:

Single-day access for Bluetooth lockboxes; expires 30 minutes after use for added security.

03. DELAYED NOTIFICATIONS

Notifications are not instant but the access will appear in your access log after a user connects via Bluetooth.

01. MANUAL ACCESS

User enters the Access Code manually into the keypad on the front of the lockbox.

01. BLUETOOTH ACCESS

A user or third party downloads the free SentriConnect® app to access the lockbox via Bluetooth.

02. TIMED ACCESS

Grant third-party access for as little as 30 minutes for a showing or up to 14 days for affiliate or contractor access.

03. INSTANT NOTIFICATIONS

A Bluetooth connection provides instant notifications when the access occurs.

04. REVOKE ACCESS

Ability to revoke unwanted or unused access. For example, if a contractor was granted 10-day access but finished in 8 days, the remaining 2 days can be revoked.

04. CAN'T REVOKE ACCESS

Once generated, a code cannot be revoked and will remain active for its designated duration.
